PAF

SPA BLACK

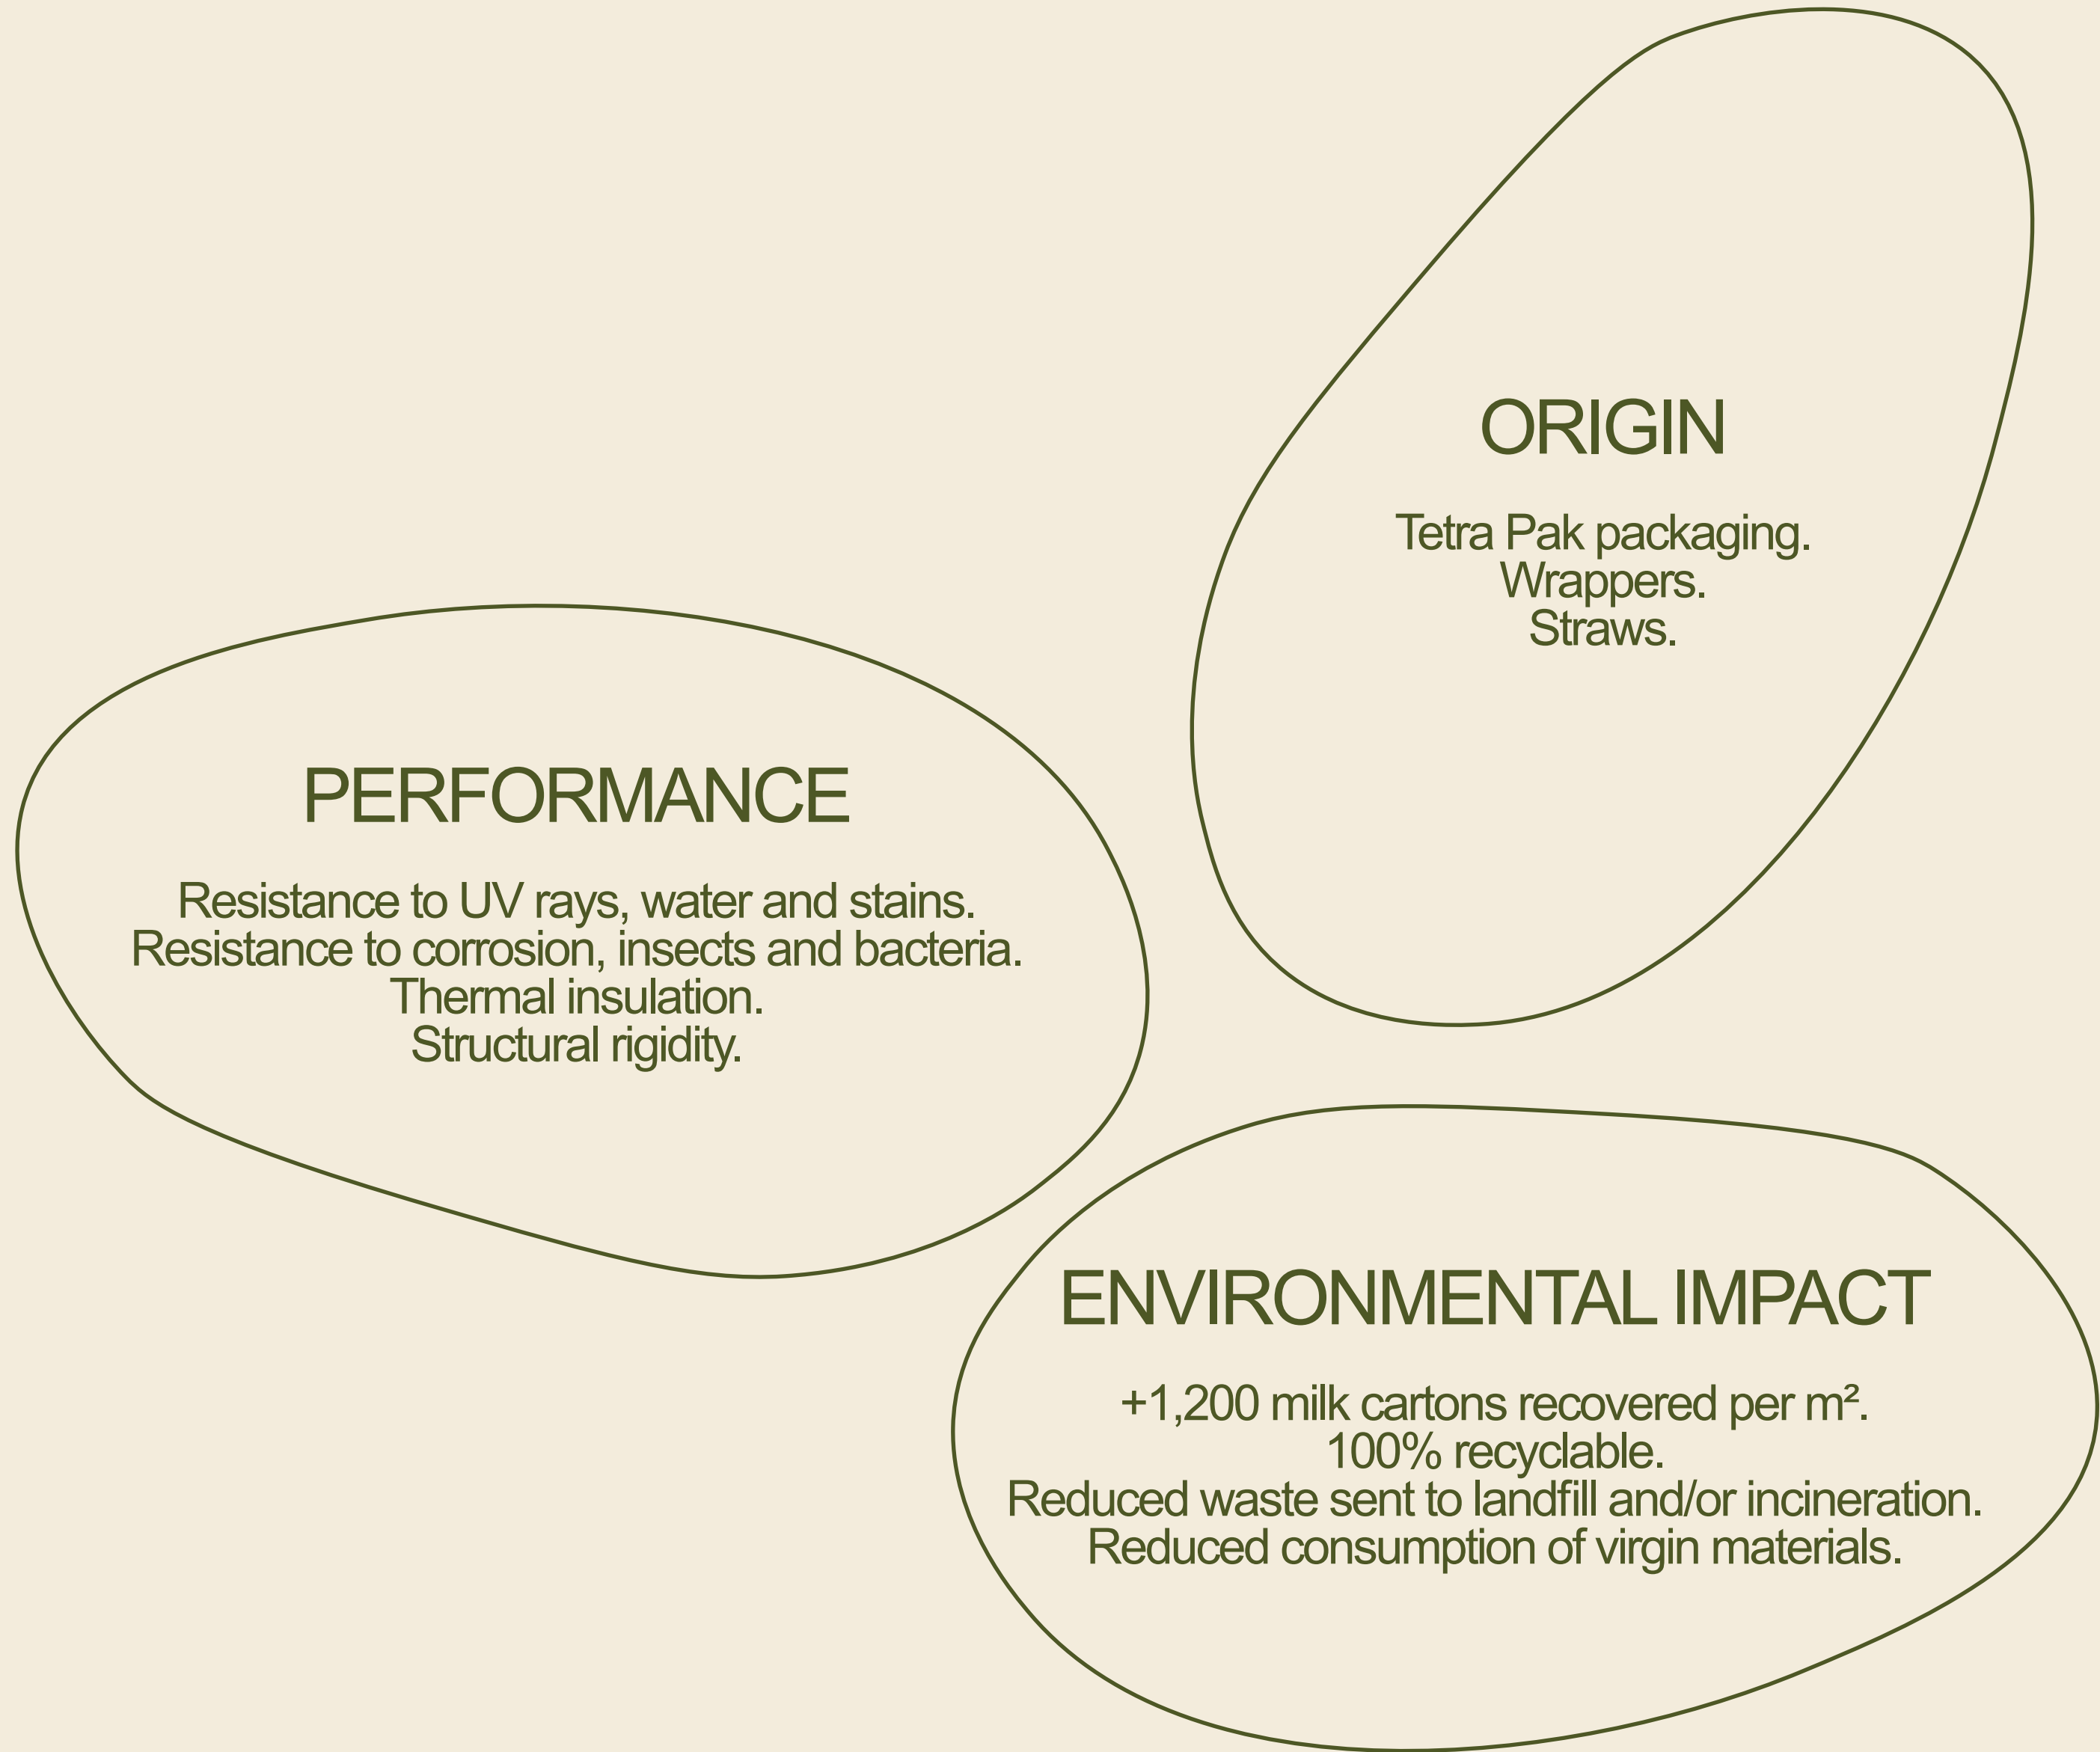

SPA GREY

SPA DARK GREY

TPA

PAF

ORIGIN

Yogurt lids.
Food packaging.
Multilayer labels.
Single-dose sachets.

PERFORMANCE

Structural rigidity.
Low flexibility
(ideal for technical furniture).
Dimensional stability.
Mosaic-like texture.
Suitable for indoor use.

ENVIRONMENTAL IMPACT

+15,000 yogurt lids recovered per m² of PAF.
Reduced emissions from incineration.
Reduced consumption of virgin materials.

ORIGIN

Post-consumer Tetra Pak waste.

PERFORMANCE

High resistance.
Reflects thermal radiation and protects the plant from UV rays.
Resistant to corrosion, insects and bacteria.
Colorfast against UV exposure, water and stains.
Maintenance-free.

ENVIRONMENTAL IMPACT

+4,000 milk cartons recovered per m².
Reduced waste sent to landfill and/or incineration.
Reduced consumption of virgin materials.

SPA

FIR

ORIGIN

Post-industrial and
construction-sector waste.

PERFORMANCE

Compact, homogeneous and robust structure.
High mechanical resistance.
Reflects thermal radiation and improves comfort.
Fire-resistant performance.
Suitable for intensive use.
High durability.

ENVIRONMENTAL IMPACT

+23 kg of industrial and construction waste
recovered per m².
Reduced waste sent to landfill.
Reduced consumption of virgin materials.

CitySens (lab)

- 100% recycled
- High-strength modularity
- Positive environmental and social impact
- 100% reusable
- Maintenance-free
- Delivery: 4-5 weeks

CitySens (lab)

Manufacturer: PLASTICPeople (Vinyols i els Arcs, Tarragona)
Waste origin: Spain

Assembly and packaging: Fundació Estela (Tarragona)

Inspired by nature,
built for people.
